ISO 9001 Internal Auditor

Training Overview:

This ISO 9001:2015 Internal Auditor course equips participants with the skills to plan, conduct, and report internal audits that improve quality management system performance. Participants learn how to assess compliance, identify gaps, and support continuous improvement.

Through practical exercises and real-world scenarios, participants develop audit plans, gather objective evidence, and drive corrective actions. The course emphasizes measurable impact, including reduced nonconformance costs, improved process efficiency, and stronger quality system performance.

Training Objectives:

- Interpret ISO 9001:2015 requirements and apply them in audits
- Understand the process approach and risk-based thinking
- Plan audits including scope, objectives, and criteria
- Develop audit checklists and schedules
- Conduct audits using effective questioning techniques
- Gather objective evidence and assess compliance
- Identify nonconformities and improvement opportunities
- Write clear and concise audit reports
- Ensure corrective actions are implemented and verified
- Connect audit results to operational and financial performance
